

WordPress maintenance services

Partner with a 24/7 team that takes care of all your WordPress headaches.

Our Services

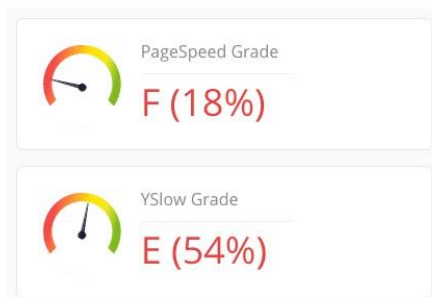

❖ Speed optimization:

Our speed engineers will help you achieve loading times under 2 seconds. And You'll also get free access to the WP Smush Pro and WP Rocket premium plugins.

[WP Rocket](#) is our most trusted caching plugin for all WordPress sites! It's recognized as the most powerful caching plugin by WordPress experts. From caching to DNS prefetching, it's all here!

[WP Smush](#) is one of WPMUDEV's Premium plugins! In a click of a button, it will compress all your images and serve the correct size of the image for the container! If you're looking for an automated and worry-free way to compress your images, this is what you've been looking for!

Here's where one of our customers started. Ouch.

Report overview

Page load time: 7.552s

Total page size: 2.4 MB

Total number of requests: 86

Test server region: Dallas, USA

So we made some changes and got them back on track. Boom!
